

## 12<sup>th</sup> HyMeX Workshop

20-24 May 2019

Split, Croatia

### Second circular

**OBJECTIVE:** The general objectives of the HyMeX Workshops are to present and discuss recent scientific progresses in the understanding of the Mediterranean water cycle, from multiscale and multidisciplinary approaches, and to foster further collaborations within the HyMeX community.

**VENUE:** The 12<sup>th</sup> HyMeX workshop will take place in Hotel Park, Split, Croatia ([www.hotelpark-split.hr](http://www.hotelpark-split.hr)), from 20 to 24 May 2019. The workshop is organised by the Institute of Oceanography and Fisheries ([www.izor.hr](http://www.izor.hr)), in collaboration with the Croatian Meteorological and Hydrological Service (<http://meteo.hr>).

Split is a living Mediterranean city listed in the UNESCO list of World Heritage Sites, with growing tourism, beautiful landscapes, and welcoming citizens ([www.visitsplit.com](http://www.visitsplit.com)). The most convenient way to reach Split is through its international airport (code: SPU) which has daily connection to many European cities during May.

#### **ABSTRACT SUBMISSION - DEADLINE 15 FEBRUARY 2019:**

We invite you to submit a short abstract for oral or poster presentation related to the Mediterranean water cycle and HyMeX science topics: heavy precipitation, flash-floods and social vulnerability, integrated prediction of heavy precipitation and impacts, Mediterranean cyclones, ocean circulation and processes, drought and water resources, the water cycle and renewable energy.

The 12<sup>th</sup> HyMeX workshop will consist of plenary and parallel sessions, both oral and poster, as well as meetings on future works within HyMeX, and beyond. Dedicated sessions and meetings on the recent and future field campaigns - EXAEDRE, PERLE and LIAISE - are planned.

Short abstract can be submitted online at:
