Objectives

Beyond the general objectives of the HyMeX workshops to strengthen the scientific links, stimulate the exchange of knowledge and promote cooperation among the HyMeX community, the 7th HyMeX workshop will focus on:

- ✓ the review and preliminary results from the *Special Observation Periods*,
- ✓ multicompartment, multiscale modelling,
- ✓ collection and analysis of long-term observations,
- ✓ human-environment interactions,
- ✓ cross-cutting activities,
- ✓ opportunities for future field campaigns.

Call for contributions – Deadline: 10 May 2013

The programme will consist of plenary oral and poster sessions. We invite you to submit a short abstract for oral or poster presentation in line with the research objectives of *HyMeX Science Plan* on:

- ✓ the water budget of the Mediterranean Sea,
- ✓ the continental hydrological cycle and related water resources,
- ✓ heavy rainfall, flash-floods and floods,
- ✓ intense sea-atmosphere interactions, dense water formation, strong winds,
- ✓ societal and economic impacts.

Short abstracts can be submitted online at:
